

Participation in UITP 2019

May 21, 2019
Nippon Signal Co., Ltd.

Nippon Signal shows its highly-advanced railway technology at the UITP 2019 from 9th to 12th June in Stockholm, Sweden.

This event is a world-renowned public transport exhibition held every other year. The purpose of this exhibition is to encourage mutual understandings between urban transport carriers and industrial circles. The last exhibition took place in Montréal, Canada in 2017 by welcoming over 13,000 visitors. Take a look at official HP for further information of UITP 2019.
